1. Background

Brian Anderson, photographer, adventurer and lecturer, has captured nature, travel and landscape images from trips to 40+ countries in Europe, Africa, Asia, South America, and further afield into the Arctic, the Geographic North Pole and the remote Antarctic Continent.

Through **andersonimages**, Brian presents Illustrated Talks and Courses based around these trips, so others can also ‘**explore, experience and discover**’ these remarkable places he has been fortunate enough to visit over the last 30+ years.

In addition to giving talks to schools, colleges, RSPB Local Groups, social and professional clubs for many years, he has worked with Quark Expeditions, as Ship's Photographer and Lecturer on their Arctic and Antarctic voyages.

Brian tutors on Wildlife, Art and Travel Photography courses at Adult Colleges in the Lakes, Northamptonshire and South Yorkshire. His images and articles appear on websites, in UK newspapers, photographic and various lifestyle magazines.

2. Photography Courses Formats Available

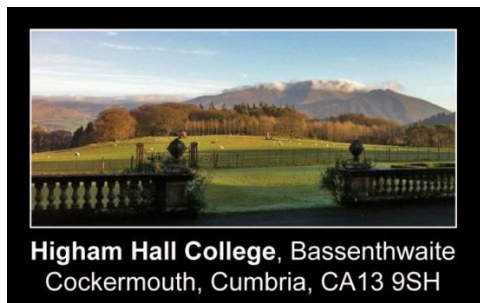

Brian offers a variety of Photography Course formats to suit everyone; from **1 2 1 individual sessions** to **interactive group sessions** for **8** and **up to 14 people** at superb venues in Wirral, Cheshire, South Yorkshire, Cumbria and Northamptonshire.

The courses are suitable for beginners and photographers with a bit of knowledge and experience who want to improve their technique and creative skills. 6. Endorsements of Brian's Photography / Courses

Brian was Quark's Expedition Photographer on our 2011 North Pole Trip, He is very professional, takes fabulous photos, and gives excellent slide shows and photography demonstrations. He is encouraging and supportive of beginners as well as expert photographers. He did a great job of sifting through hundreds if not thousands of passenger photos under a deadline to create a beautiful CD from our arctic voyage.
Dr Ellen Miriam Blau, Seattle, USA

Brian's photography is exceptional and inspirationalThere is a genuine freshness and originality to his talks" **George Cooke, Principal, Higham Hall College, Cumbria**

Thanks so much for your Antarctica talk last night. The photography was spellbinding, and the narrative factual, interesting and humorous! The Charities benefiting from last night's event have a lot to thank you for. **Cllr Alan Jennings, Mayor of Wirral 2010/11**

Thanks for an inspirational talk, our Year 2 class absolutely loved your stories and superb images of the remote places you have been. I have never seen the children so attentive. I'm sure you have inspired a few to become explorers. **St Andrews C of E Primary School, Bebington, Wirral**

 Your 'Venice Carnevale' presentation and photographs were superb. I think that it was obvious that our Members were fascinated by all you had to show and tell them. I hope that we can invite you back again soon! **West Wirral Conservative Luncheon Club**

 Our Year 5 and 6 schoolchildren loved your super talk and beautiful pictures, which will certainly help them with their project on Egypt **Grove Street Primary School, New Ferry, Wirral**

 I'd like to thank you for a brilliant presentation last night. We had a good crowd in and they thoroughly enjoyed 'Emperors and Kings'. **RSPB Southport Local Group**

 Brian, it was great to meet you and be thoroughly entertained with your adventures and stunning photographic insights. It was a pleasure to talk to a fellow kindred spirit. **Howie Taylor, Holmes Chapel Photographic Club**

 Thanks for a fantastic evening, amusing stories, lots of information and stunning images of Antarctic wildlife. Brilliant! **Ian Taylor, Macclesfield RSPB Local Group**

 Brian has a true gift. He shoots more than just landscapes with his camera, he stirs one's emotions. Brian leaves more than just coloured inks on his prints, giving us some wonderful memories from a lifetime of photography **Giovanni Savaglio, Writer, Chicago, USA**

 Brian's photos captured the attention and admiration of all who sailed with him in Antarctica. Witty and charming, Brian's people skills engage his human subjects and his passion for nature informs his wildlife work. **Prisca Campbell, Ontario, Canada**

 A super talk filled with memorable images from Antarctica. Thank you for a most entertaining evening **Chester Society of Natural Science, Literature and Art**

 Thanks, I thoroughly enjoyed the talk and stunning photographs, Wish I had the \$24,000 to go to the North Pole for my next holiday! **Reporter, Wirral News**

 Brian, your talk 'Images From The Edge' was stunning and inspirational with the most super photography, thanks. **Friends of Harthill and Calderstones, Liverpool**

 Your breathtaking polar images, are a timely yet stark reminder of our warming planet, and what must be done to protect it. **Bebington Probus Club**

 Some photographers have the ability to bring the world closer to those of us who choose to stay put ... Brian is a worldwide voyager and the images he has to share with us in his talks and courses are absolutely stunning and truly inspirational. **George Cooke, Higham Hall College, Cumbria**
